

Welcome to the world of Discovery!

CDM is the perfect location for parents, grandparents, and care givers to interact with children through the art of play. Experts show as a child is having fun, their ability to learn greatly increases!

Founded in 2002, the previous CDM building occupied 5,060 SF. In 2017 the museum opened its new home in the local icon- the Playhouse Cinema. The museum boasts 10,020 SF of numerous exhibits that foster critical thinking, exploration, and creativity, providing opportunities and tools for expression and problem solving. The outdoor exhibit areas encourage children to use their whole bodies in exploration and learning and developing gross and fine motor skills. CDM has been a leader of learning through play in the Golden Crescent region through our numerous immersive exhibits, special events, and educational programming. Here at the museum, we strive to include Diversity, Equity, and Inclusion practices at the center of our operation.

Come see what the Children's Discovery Museum has to offer you!

My kids love this place and spend hours here every time they go.

At the Children's Discovery Museum our mission is to promote lifelong learning for children and families through dynamic educational experiences.
